

WANTED: COACH (M/F/D)

Würzburg women's lacrosse team looking for dedicated coach

The Würzburg women's lacrosse team is looking for a dedicated coach for next season. In the last couple of years, we've managed to move up to and remain in the 1. Bundesliga Süd (one of the highest German lacrosse leagues). We aspire to become a fixture in this league. Our team consists of approx. 25 committed players who believe that – with your help – they will strive to play their best lacrosse. The Würzburg men's lacrosse team is also looking for a new coach! We decided, however, to publish separate ads as the two teams have different requirements their future coach should meet. Depending on your experience with lacrosse, it might be possible to coach both teams.

General information

- Würzburg women's lacrosse team coach (and men's team coach, possibly)
- Two to three 2-hour training units per week (Mondays, Wednesdays, Fridays), friendlies and league matches on weekends
- Approx. 10 league matches a year (our season is from September to December and from March to May / June)
- Starting date: immediately / at the start of the new season (September 2020)
- Payment by agreement and according to expenditure

Requirements

- Experience as ball sports coach
- Motivation to get involved with a new type of sport
It is not mandatory to have experience with and knowledge of lacrosse. Lacrosse has many parallels with other kinds of sports, such as handball, basketball, ice or field hockey.
- Willingness to encourage but also to challenge each player and the team as a whole
- Ability to work in a team, to be proactive and reliable

This is what we offer

- A welcoming, motivated and cordial team
- A small salary (by agreement and in line with your experience)
- Support with looking for a job or an apartment; support with applying for a visa
- An extensive introduction to lacrosse and the German league system (if necessary)

About the team

Our women's team is currently part of the 1. Bundesliga Süd (one of the highest German lacrosse leagues). With Würzburg being a university town, our players are very diverse: Our team consists of players aged 19 to 30. Some have been playing lacrosse for many years and some just held a stick in their hands for the first time. This means that there are several levels of athleticism and understanding of the game present. With many students on the team, there is a higher level of fluctuation, but we also always have a couple of rookies each year. We are always welcoming new members with open arms, and even off the field, we are planning and hosting many events to boost team spirit. Over the course of the last few years, we were able to grow individually and as a team. Moving up to the 1. Bundesliga came with having to face new challenges. In our second year in the 1. Bundesliga, we improved our skills and understanding of the game. Now, our main goal is to maintain this positive trend.

Are you curious?

If you are interested in getting to know more about us or, even better, in joining us on this adventure, feel free to drop us an e-mail (wuelaxdamen@googlemail.com) including some information on yourself and your past experience as a sports coach. Please also state if you are interested in coaching both teams (men's and women's team). We are looking forward to hearing from you – and remember, we are not exclusively looking for someone with experience in lacrosse!

For more information on our club, on lacrosse in general and, of course, on our wonderful team, please head to www.wuelax.de, join us on social media (@wuerzburglacrosse or <https://www.facebook.com/wuelax>), or visit the website of the German Lacrosse Association DLaxV (www.dlaxv.de).
