

We are looking for a women's lacrosse head coach

BREMEN LACROSSE

Our women's lacrosse team in Bremen consists of ±25 active and motivated players and we participate in the first division of the northern national league. Our skill levels vary from rookies to players with multiple years of experience.

During previous (short-term) visits of European lacrosse coaches, we became aware that regular training with an experienced coach has a very strong impact on the level of our play and the development as a team. We believe that our team would strongly benefit from professional coaching with the potential to grow into a highly competitive team.
